

Urban Solar

ECM Connect™ and ECM Connect Plus™

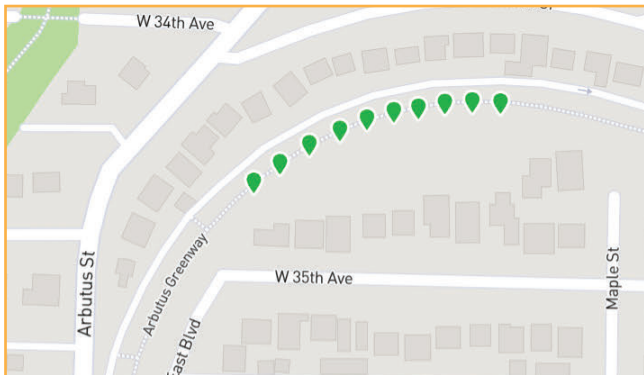

ECM Connect™ offsets the high cost of routine site visits and maximizes system output and battery life.

ECM Connect Plus™ offers guaranteed lighting performance for less than the cost of a bus fare.

What is ECM Connect™?

Urban Solar's web-connected ECM Connect™ technology allows users to monitor and manage solar LED lighting and power systems remotely from their desktop and mobile devices.

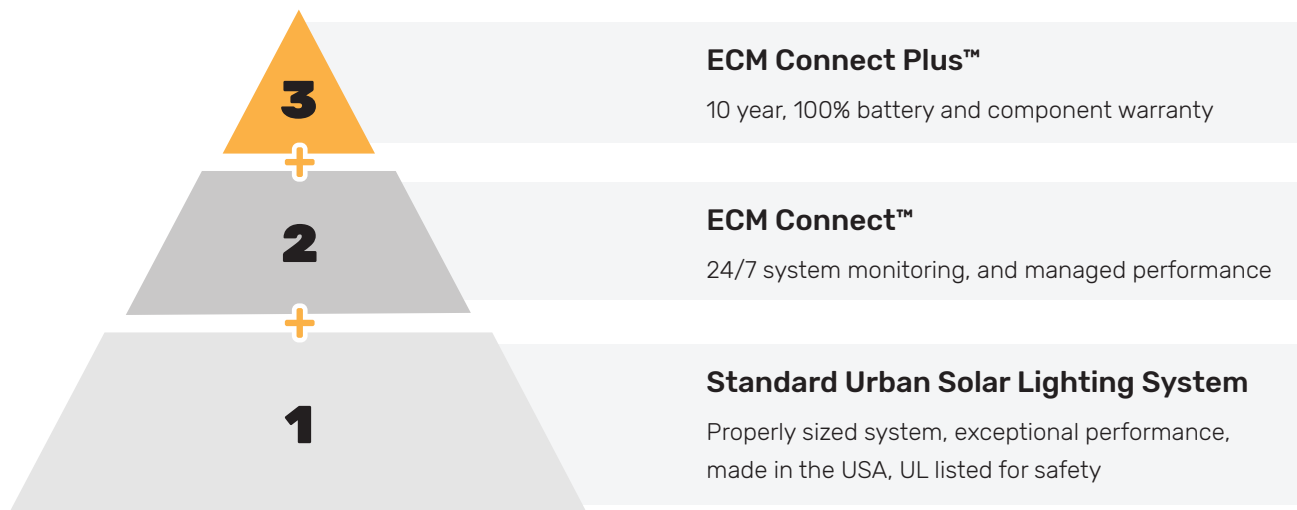

Urban Solar ECM Connect™

- 24/7 visibility into system performance, anywhere, from any device
- Proactive energy management by Urban Solar to maximize output and battery life
- Control and monitoring of lighting and other amenities (ie. digital signage)
- Offset the high cost of routine site visits
- System alerts end customer reported outages

Urban Solar ECM Connect Plus™

Includes all the benefits of ECM Connect™, as well as:

- 10-year, 100% battery and component warranty
- Plans starting at less than \$1 per day*
